

ZNODE – UNITS OF MEASURE (UOM) PRODUCT USER GUIDE

April 2016

Units Of Measure (UOM) Product Guide

Znode giving ability to configure Unit of Measure (UOM) at Product level. Units of Measure is a feature where a user can avail pricing/discounts based on number of units (quantity) of the products ordered. Znode supports units of measure like Piece, Gram, Inch, Ozt and Kit. Site admin also have a privilege to configure **Tier Pricing** either manually or rule based (Ex: Amount Off and Percent Off)

How UOM product configure from admin site:

1. Login the Multifront and Click on the Inventory icon/link

2. Select Products link. Products listing page is displayed.
